C.A.R.E.'s NOTICE OF VOLUNTARY DISMISSAL

Citizens Alliance for Responsible Energy (C.A.R.E.), by
counsel Jim Brugh, says as follows:

On September 24, 2015, Paul A. Hartman requested that IDEM
extend its MACT compliance deadline beyond January 31, 2016. On
October 27, 2015, IDEM granted the request and extended the
deadline for one year. That request and related extension are
both moot because the City of Logansport and LMU have terminated
their business relationship with SG Preston and its executive
Randy LeTang. Preston was LMU's link to the experimental plastic
pellets, produced by Greenwood Fuels of Green Bay, Wisconsin, as
referenced in Hartman's September 24 letter. On December 22,
2015, the LMU's Utility Service Board determined that its business
relation with Preston was dead. Hartman reported to the Board
that the original MACT compliance deadline of January 31, 2016,

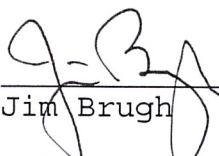

was reinstated. Accordingly, the issues raised by C.A.R.E.'s motion to intervene, petition for administrative review, and for a stay, filed December 4, 2015, are moot; and C.A.R.E., by counsel, gives notice of voluntary dismissal, pursuant to Ind. Trial Rule 41 (A) (1).
